Hi everyone!

The purpose of this website is to present myself. I described my education from my High School in Gren

Also, I talked about my third year of engineering school in Louisiana State University through an Exchan

I highlighted some design projects I achieved during my education such as a wheelfly and a massage de

I devoted a part to explain my different skills on engineering software (Catia V5, Solidworks, ANSYS, etc

The last part is my road trip in the USA on the west and the east side.

Enjoy!
